Hostel Rules and Residential Guidelines

Greenfield Institute of Technology | Academic Year 2026–2027

1. Hostel Administration

The residential facilities are managed by the Campus Residential Services Office. The hostel rules apply to students residing in institute-managed accommodation. Residents must follow room allocation, safety, visitor, and conduct requirements.

2. Entry and Exit Timings

The standard hostel entry time is **9:30 p.m.** on weekdays and **10:00 p.m.** on weekends and declared holidays. Residents returning after the applicable time must record the late entry in the hostel register or digital system.

3. Outing Permission

Students leaving the campus hostel for an outing should record the destination, expected return time, and contact details where required. Overnight absence requires prior permission from the designated hostel authority.

4. Room Allocation

Room allocation is made by the Residential Services Office. Students may not exchange rooms permanently without written approval. Temporary room changes for maintenance may be arranged by the hostel office.

5. Visitors

Visitors may enter designated hostel areas only during approved visiting hours. Visitors must register at the security desk and carry valid identification. Residents are responsible for ensuring that their visitors follow campus safety rules.

6. Visiting Hours

Standard visiting hours are 4:30 p.m. to 7:30 p.m. on weekdays and 10:00 a.m. to 7:30 p.m. on Sundays and declared holidays. The hostel office may temporarily restrict visits during examinations, maintenance, or security alerts.

7. Prohibited Items

Residents may not keep weapons, unauthorized electrical heating appliances, open-flame cooking equipment, or hazardous materials in hostel rooms. The hostel office may publish additional restrictions when required for safety.

8. Electrical Safety

Residents should switch off electrical equipment when leaving a room. Extension boards must meet the institute's safety requirements. High-power appliances such as immersion heaters and unauthorized cooking devices are prohibited.

9. Hostel Leave

Hostel leave is different from academic casual leave. A resident who will be absent from the hostel overnight must submit an outing or leave request through the hostel system. Approval by hostel authorities does not modify academic attendance requirements.

10. Medical Assistance

Students requiring urgent medical assistance should contact the hostel warden or campus security. The hostel office maintains emergency contact information for residents and authorized guardians.

11. Quiet Hours

Quiet hours are from **10:30 p.m. to 6:00 a.m.** Residents should avoid loud music, gatherings, and activities that disturb others during this period.

12. Maintenance

Maintenance requests should be submitted through the hostel maintenance portal. Electrical, plumbing, and safety issues should be reported promptly rather than repaired independently.

13. Quick Reference

14. Important Distinction

Hostel leave is not the same as academic leave. This document does not define the number of academic casual-leave days, minimum course attendance, examination revaluation rules, college bus charges, staff salaries, or placement percentages.
